

Stay connected to the latest product information with
Elsevier's ONIX Data Feed
Automatic, Timely, and Current!

Receive product information electronically on a weekly or monthly basis.

Have the **latest book titles, promotional copy, cover artwork** and **pricing**.

Provided through a **standardized, industry-wide, data feed** in XML format.

Save valuable time and money by eliminating the need for manual updates.

All at no added cost to you!

What is an ONIX feed?

It is a standard data feed format in publishing for communicating product information.
